

Dear parents/ carers

**The Eco Committee will be holding a £1 Mufti Day on Monday
December 9th to support Refugees**

In November four members of the Eco Committee and Mr. Manning attended the Torfaen Eco Day, at Green Meadow Community Farm, with twelve other schools. During the day we joined in some fun Eco activities.

We learned about refugees. A refugee is someone who has left their home country and knows that if they return they will be in danger.

We found out that the number of refugees around the world keeps growing and has now reached 25.9 million. Refugee children have little or no control of their own lives. Often they are sent to a new country by their parents because they are desperate to keep them safe. The children arrive in new countries without their families and feeling totally alone. We were shocked to learn that every three seconds a person becomes a refugee and has to leave their home!

At our Eco meeting this week we decided to hold a £1 Mufti Day on Monday December 9th to raise money to help Refugees.

Thank you for your support

From

Toby Malson, Hannah Craddock, Jensen O' Halloran, Hugo Evans
