Parent/carer information - September 18th 2020

We are delighted to welcome all our pupils back into school and although school is very different in many ways, our children have settled well back into school life and there is lots of exciting learning activities taking place.

Important information - Covid Symptoms

Any children displaying any of the Covid symptoms should be kept at home.

- These are -
 - ✓ new continuous cough
 - ✓ high temperature
 - ✓ loss of taste and/or smell

We ask all parents/carers to keep the school informed of any changes to your child's medical state.

- If someone in your household has a confirmed case and they may have been in contact with others in school, those in their class and whoever they may have come into contact with will be sent home and asked to self-isolate for 10 days.
- The other household members of that class do not need to self-isolate unless the child or staff member develops symptoms.

Safety in school

Staggered activities including lunch and break times are in place to reduce the number of people in shared spaces including around school entrances and exits.

- Please be reminded to only pick up and drop off your children at the specified times given for the safety of all.
- Parents/carers should not congregate at the school gates.
- Once children have been collected please move from the gates so other families can collect in a safe

Payment of school dinners

- School is no longer handing the payment of school dinners.
- A cashless system for payment is now in place and parents/carers need to use the unique code sent home last week to pay online for school dinners in advance.
- The school lunch menu can be downloaded from the following website.
